Dear Ms. Greenfield,

If as I hope you consider this for an oped piece in response to Belin, I have done it in great haste so please feel free to make any changes you may want but if you change any fact I'd appreciate being consulted.

If you have any question about what I say, without having asked his permission I ask that you please consult George Lardner, youe in-house expert and probably the best informed major media reporter on the subject in the country.

Thanks and best wishes,

Harold Weisberg
